

October 2008

Dear GM Customer:

As the owner of a 2004 model year Buick Rainier or GMC Envoy XUV; 2002-2004 model year Chevrolet TrailBlazer, TrailBlazer EXT; GMC Envoy, Envoy XL; or Oldsmobile Bravada vehicle, your satisfaction with our product is very important to us.

This letter is intended to make you aware that on some 2004 model year Buick Rainier and GMC Envoy XUV; 2002-2004 model year Chevrolet TrailBlazer, TrailBlazer EXT; GMC Envoy, Envoy XL; and Oldsmobile Bravada vehicles operated in one of the corrosion areas listed below, the fuel tank modular reservoir assembly, which contains the fuel pump, may develop corrosion of the fuel feed/return pipes after an extended period of time. Severe corrosion may cause the formation of small perforations. These perforations may allow a small amount of fuel to accumulate in a recessed area outside of the fuel tank. If this were to occur, it would be accompanied by a fuel odor. If left uncorrected and the corrosion is allowed to progress, a fuel spray from the pipes may begin to occur.

Connecticut	Maine	New Hampshire	Vermont
Delaware	Maryland	New Jersey	West Virginia
District of Columbia	Massachusetts	New York	Wisconsin
Illinois	Michigan	Ohio	
Indiana	Minnesota	Pennsylvania	
Iowa	Missouri	Rhode Island	
New Brunswick	Nova Scotia	Prince Edward Island	
Newfoundland	Ontario	Quebec	

Do not take your vehicle to your GM dealer as a result of this letter unless you believe that your vehicle has the condition as described above.

What We Have Done: General Motors is providing owners with additional protection for this condition. If this condition occurs on your 2004 model year Buick Rainier or GMC Envoy XUV; 2002-2004 model year Chevrolet TrailBlazer, TrailBlazer EXT; GMC Envoy, Envoy XL; or Oldsmobile Bravada vehicle within 10 years of the date your vehicle was originally placed in service or 120,000 miles (193,000 km), whichever occurs first, the condition will be repaired for you at **no charge**. Diagnosis or repair for conditions other than the condition described above is not covered under this special coverage program.

What You Should Do: Repairs and adjustments qualifying under this special coverage must be performed by a General Motors dealer. You may want to contact your GM dealer to find out how long they will need to have your vehicle so that you may schedule the appointment at a time that is convenient for you. This will also allow your dealer to order parts if they are not already in stock. Keep this letter with your other important glove box literature for future reference.

Reimbursement: The enclosed form explains what reimbursement is available and how to request reimbursement if you have paid for repairs for the special coverage condition. Your request for reimbursement, including the information and documents mentioned on the enclosed form, must be received by GM by October 31, 2009.

If you have any questions or need any assistance to better understand related repairs, please contact your dealer. If you have questions related to a potential reimbursement, please contact the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
